Hi Laurie

We are trying to set up a meeting with Ecology to discuss the Pend Oreille TMDL and Melissa is resistant to the idea of attending (or having any one other than Tony Whiley from that office attend). We do not see how things can move forward without them present. Do you have any suggestions for how to approach Melissa on this?

Helen and Dave—

Jim and I met and based on your voice message that this meeting would be to talk about some implementation changes (not TMDL changes) and that you needed Tony's assistance to explain the boradertime lag issues to your HQ folks. Given that Tony and Jim are your folks for this meeting and the rest of us will wait to hear what the next steps are—Melissa

We are in the middle of a transition—can we set up time with you—dave, jim and I to talk about this meeting—still unsure how this is different from last July meeting and want to get it clear so I can brief others----

Yes, Melissa it is the same material. Jim has already responded to the doodle poll but Kelly has not yet. Should I send him a reminder?
